THEIR SECOND NATURE.

General Fitzhugh Lee Says
Soldiers Complain

WHEN IT IS UNNECESSARY.

He Regarded the Jacksonville Camp
as a Healthy Place.

HAD NOT BEEN SIDETRACKED.

The President Recently Informed the
Former Cuban Consul That He
Would Have Led the Attack
on Havana if War
Had Continued.

Washington, Oct. 7.—The war investigating commission held two sessions during the day.

In the forenoon General H. V. Boynton concluded his testimony and General Fitzhugh Lee was heard in the afternoon.

General Boynton dwelt upon the causes of disease at Camp Thomas, charging the increase towards the close of the camp to the lack of sufficient care on the part of the regimental and brigade commanders in covering the sinks.

General Lee detailed the conditions prevailing at the camp at Jacksonville. He said the site was a good one, the supplies were plentiful, the men well taken care of and he had no complaint to make of the war department's treatment of his command.

He also took occasion in reply to a question put by Captain Howell to say that he did not consider that he had been slighted in the war. He had wanted to go to Havana and the president had recently told him that in case it had been necessary to take Havana by assault, he had intended to ask him (General Lee) to lead the assaulting army.

Among other things, General Lee said: "There have, of course, been some complaints. Soldiers are like school boys; they sometimes complain even when there is no occasion for complaint."

He thought the army ration was abundant and in the main suited to a campaign in a tropical climate. Yet he thought some changes might be made. For instance, it would be better to send live animals to Cuba than to send refrigerator meat as at present. According to his ideas the men should have more fruit and less meat.

General Lee made the significant announcement that he was counting upon landing in a friendly country, as he had received direct information that the American troops would be welcome not only by the Cubans, but by the Spaniards as well. He said the conservative and property owning Spaniards were especially desirous to have the American troops come for the preservation of order.

"Then," said Governor Beaver, after some further questioning, "you consider yourself in good condition in every way to start in the expedition to Cuba?"

"I do," replied General Lee; "touch a button, and we are prepared even to go to Madrid."

Admiral Howell Believed.

Washington, Oct. 7.—Admiral Howell has been relieved from the command of the North Atlantic squadron and his flagship, the San Francisco, has been ordered out of commission at Norfolk. The command of the squadron devolves upon Commodore Phillip, whose flagship, the New York, is now at the New York navy yard.

New Yorkers Leave For Home.

Anniston, Ala., Oct. 7.—General Frank left for Sandy Hook to attend a meeting of the ordnance and fortifications board. Twenty-two members of the Fourteenth New York, who remained in the hospital when the regiment returned to Brooklyn three weeks ago, left for home in a special car.

No Change of Orders.

Washington, Oct. 7.—Captain Crowninshield, chief of the navigation bureau of the navy department, authorizes the statement that no change has been made in the orders to the Oregon and Iowa to go to the Pacific.

Wasp to Be Utilized.

Washington, Oct. 7.—A delegation headed by Governor Tanner succeeded in having the converted yacht Wasp ordered to Chicago for the use of the naval reserves.

Fatal Case of Hiccough.

Washington, Oct. 7.—A dispatch has been received at the war department from General Brooks, at Ponce, saying that no deaths occurred on October 1 and 2. A dispatch from Santiago

dated the 5th says the number of fever cases was 713, total sick, 1,100; one death, George Stevens, company E, Ninth United States volunteers, of hiccough.

Cubans Still Suffering.

New York, Oct. 7.—The members of the Cuban Junta here are much concerned about the stories of suffering from lack of food received by them from the Cuban army. Letters have come which state that the conditions of the army and of the rural population in Cuba, is now worse than ever during the continuance of the war. The Junta officials here maintain that the course adopted by the Spanish is resulting as effectually in causing death to the Cuban insurgents and pacificos as did the policy of reconcentration and extermination adopted by Weyler.

Storm Delays Evacuation.

Havana, Oct. 7.—The Spanish commissioners officially notified the American commissioners that, owing to a hurricane, the vessels which were sent to Manzanillo have been unable to reach there at the appointed time, which will delay the evacuation of that place by the Spanish troops.

Sailed to Porto Rico.

New York, Oct. 7.—The transport Port Victor sailed for Porto Rico with a large quantity of commissary and quartermaster stores. She will carry over 700,000 rations. Several army nurses and a number of members of the signal corps will be among her passengers.

May Depart Soon.

Camp Meade, Middletown, Pa., Oct. 7.—Major General Graham received a telegram from the war department directing him to make no permanent improvements at Camp Meade or large purchase of supplies. Chief Surgeon Gerard thinks the entire Second corps will be shipped to Cuba for garrison duty, and is sending the sick to the city hospitals.

Revenue Cutter Patrol.

Washington, Oct. 7.—Captain C. F. Shoemaker, chief of the revenue cutter service, has been instructed by the secretary of the treasury to proceed to Cuba and Porto Rico and make a thorough examination into existing conditions with a view to the establishment of an efficient revenue cutter patrol of the waters of these islands.

Smallpox Among Troops.

Manilla, Oct. 7.—There have been 14 cases of smallpox and six deaths from that disease among the American troops during the past two days. Eight deaths from typhoid fever have also been reported. Artilleryman Roach was killed by a sentry at Hondo on Wednesday night.

Colonel Ray's Expedition.

Havana, Oct. 7.—A dispatch received from Manzanillo announces the arrival there of the steamer Reina de Los Angeles, flying the stars and stripes, with Colonel Henry Ray and 400 United States troops. Colonel Ray will receive possession of the city at once.

Charleston to Be Favored.

Charleston, S. C., Oct. 7.—Mayor Merth has received a telegram from Washington stating that Secretary Alger had promised to make this a point of embarkation for troops for Cuba. A camp will also be established at Summerville for a brigade.

To Sail For Ponce.

New York, Oct. 7.—The Manitoba sailed for Port Adams, L. I., to take on board the Forty-seventh regiment for Ponce. The Mississippi is expected to sail Saturday if the Sixth Immunes arrive from Chickamauga in time to sail for Porto Rico.

Will Accept the Contract.

Washington, Oct. 7.—The Bath Iron company of Bath, Maine, has notified the department that it will accept the contract for the three torpedo boats which were awarded to that concern about a fortnight ago.

To Improve Cotton Situation.

Fall River, Mass., Oct. 7.—The manufacturers' committee who have been deliberating for some plan to improve the cotton situation, which has resulted in a loss to most mills for more than two years, have evolved a plan which is being circulated for signatures among the agents. Secrecy is maintained, but it is learned that the plan places the disposal of the standard production of goods in the hands of a committee, with full power to sell it at such limits and prices as they deem best.

Situation Critical.

New York, Oct. 7.—Dr. William T. Jenkins of the health board received the following telegram from Oxford, Miss.: "Situation here critical. Fourteen cases and six deaths. Have 600 negroes to feed and take care of. If possible obtain us aid."

Our Cotton Trade With Japan.

Washington, Oct. 7.—Japan's imports of raw cotton from the United States in the first six months of 1898 were 12,732,064 yen in value, against 3,811,828 yen in the corresponding months of the preceding year.

LABORS ABOUT ENDED.

The Canadian Commission Will
Leave Soon.

HAVE WORKED STEADILY.

During Their Sojourn at the Capital of
the Dominion There Has Been a
Period of Very Brilliant
Social Functions.

Quebec, Oct. 7.—The members of the International Joint High commission will take their leave of Old Quebec on Monday next and resume their work in Washington November 12.

Joint sessions will be held until Monday and the sub-committees will continue their work.

The United States commissioners gave a banquet to the British ministers and chief officials of the Dominion, and on Monday night a ball will be given by the Garrison club to the commissioners and the elite of Quebec.

This ball will be the conclusion of a period of brilliant entertaining which began with the arrival of the commission here on the 23d of last August.

Probably during a century past the old city of Quebec has not enjoyed a festival time of such magnitude.

Just what the commission has achieved up to this point can only be inferred from outward evidences. Since the first day of the first session, August 23, with the exception of a recess from September 2 to September 20, they have been constantly at work, holding joint sessions nearly each day with the sub-committees at work upon the serious questions almost incessantly.

Representatives from the industrial interests in both the United States and Canada have appeared before their respective commissioners with certain suggestions and requests in relation to any change which might be made in the subject of commercial reciprocity became a part of the international treaty.

Advertising the Ohio Centennial.

Omaha, Oct. 7.—When Governor Asa Bushnell and staff reached the auditorium to participate in the opening of Ohio day at the exposition he was greeted by tumultuous applause, by an audience which packed the building. Governor Silas A. Holcomb of Nebraska made the address of welcome on the part of the state. In the course of his response, Governor Bushnell said Ohio has exulted in its opportunity to do even a small part towards making the exposition the glowing success it has proven to be. Hon. John I. Webster in a brief address begged the support of the west in the undertaking which the Ohioans are planning for 1903 in Toledo. This project was outlined by Colonel James Kilbourne, president of the Ohio centennial exposition, in an address which closed the program.

Smallpox at Wapakoneta.

Columbus, O., Oct. 7.—Secretary C. O. Probst of the state board of health, who has returned from Wapakoneta, reports a most serious condition there. It is definitely certain now that an epidemic of smallpox is prevailing there and has been going on since May 1 last. In the intervening time there have been over 200 cases. There are now about 18 cases that are confined to their homes, and several scores are walking about the streets and attending the schools in various stages of convalescence. The doctors have been treating the disease as chickenpox.

Peter the Great Wins.

Lexington, Oct. 7.—After two postponements on account of rain, the fall meeting of the Kentucky Trotting Horse Breeders association began with six races on the program. The event of the day, the \$10,000 futurity for 3-year-old trotters, was quite a surprise to the talent, being won in straight heats by Peter the Great, a Michigan colt, who sold for \$15 in pools of \$100. The favorite, Charlie Herr, made a game fight for every heat, but was out-footed.

Declared Off Again.

New York, Oct. 7.—The Corbett-McCoy fight has been declared off. At a meeting of men interested in the fight, William B. Gray, manager for McCoy, showed a letter he had received from David Nugent, manager of the Hawthorne Athletic club of Buffalo, in which he stated that owing to the many complications that had arisen the club had decided to call the match off.

Los Angeles, Oct. 7.—The condition of Governor A. J. Smith of the Soldiers' home is better than at any time since he was shot. Hope is entertained for his recovery and all the symptoms are favorable.

Will Have Her Own Plant.

Atlanta, Oct. 7.—At the election this city decided in favor of municipal ownership of the electric light plant.

CONFESSED ON HER DEATHBED.

After Eleven Years the Mystery of an
Atrocious Murder Is Unveiled.

Washington C. H. O., Oct. 7.—Eleven years ago Louis Bell was murdered here, his head being cut off with a razor and his head and body left across the railroad track in such a manner as to appear that he had been killed by a train. Abraham Huffman was arrested for the crime, but was released for lack of convicting evidence. Others were suspected, but it looks now as if the death-bed confession of Mrs. Jeffreys of Hillsboro, O., made in the presence of four persons, whom she called to her death chamber, will reveal the identity of the murderer.

Mrs. Jeffreys implicated herself, another woman and four men, giving their names. She said that she held Bell's head while a man cut it off with a razor; that the blood was allowed to flow into a tub, which was afterwards concealed under a house, and that the other woman held Bell on her lap while his head was being cut off. The men carried the body and head to the railroad track to cover up the crime. The persons implicated live in and about the city. Detectives have gone to Highland county for additional evidence.

Published Reports Wrong.

Washington, Oct. 7.—Senator Morgan of the Hawaiian commission arrived in Washington and called at the White House for an hour's conference with the president. In answer to inquiries the senator said that the members of the commission would meet here about November 20 and prepare and present their report to the president and congress. He declined to discuss the report or the views of the commissioners further than to say that the published reports of what the commission would recommend were wrong in every essential particular.

Disarming Everybody.

Pana, Ill., Oct. 7.—The militia here continue to patrol the streets, holding up and searching all classes of citizens and relieving them of any firearms. The union miners in conference with state labor leaders of various organizations have adopted plans for a more vigorous war against the blacks and the mine operators. Every effort will be put forth to put the coal mined by the blacks out of the market. Every car that leaves Pana is mysteriously labeled with chalk, "Negro scab coal from Pana, Ills."

Who Turned the Key?

St. Louis, Oct. 7.—A peculiar part of the circumstances surrounding William Strutt's death, who was found dead in a bath tub in a hotel, lies in the fact that his clothes were in his room, which was securely locked and the key was down in the office in his box. Strutt's room was 100 feet distant from the bath room. Who turned the key upon Strutt's clothes and then took it to the office is a mystery which the clerks and no one else about the hotel can explain.

Episcopal Convention.

Washington, Oct. 7.—When the larger portion of the delegates to the triennial convention of the Episcopal church had assembled Rev. Dr. Morgan Dix, the president, called the second day's session of the house of deputies to order. Preliminary routine business occupied the time for an hour. A number of standing committees were appointed and resolutions and memorials on deceased members presented and referred to appropriate committees.

Policing the Klondike.

Tacoma, Oct. 7.—The Canadian police are completing the establishment of a chain of police stations along the upper Yukon from Dawson on to Lake Bennett. The stations are about 30 miles apart. Five men have been detailed for each post. Each station has supplies for two years and numerous dogs. The soldiers will carry dispatches and facilitate the forwarding of mails and are instructed to assist travelers.

Hoop Iron Trust Dissolves.

Pittsburg, Oct. 7.—After an existence of three years, during which time a uniform price was maintained, the hoop iron combination has been dissolved by the mutual consent of the firms which were parties to its formation. Unusual prosperity in the business is the reason given for the demise of the combine.

Fire Insurance Company Assigns.

Liberty, Mo., Oct. 7.—The Bankers' and Merchants' Mutual Fire Insurance company of this place has assigned to E. D. Moore, its general agent. The manager says that the assignment was due to war made on it by the board of insurance companies. It is stated that all claims can be liquidated.

Lost His Life Through Rashness.

Victoria, B. C., Oct. 7.—The Gage party has arrived here from the Ashcroft trail. They say the tales of hardship are much overrated. Sir Arthur Curtis lost his life owing to his inexperience on the trail and because he would not rest under the imputation of being a tenderfoot.

MORE TROOPS NEEDED

To Suppress the General Up-
rising of Indians.

DANGER IN THE NORTHWEST

Newspaper Men Join In Advising Presi-
dent McKinley About the Situa-
tion—Only One Message
From Seat of War.

Minneapolis, Oct. 7.—The following telegram, which speaks for itself, was sent to President McKinley by the managing editors of the local papers:

"Advice from conservative sources lead us to believe that a force of not less than 600 soldiers, preferably 800, should be at once available at Leech Lake and vicinity. We believe such a force needed, not only to rescue General Bacon and the survivors of his command, but properly to overawe the agency Indians, in whose profession of friendship and neutrality no one acquainted with them puts credence. A general outbreak at or around Walker would probably result in the massacre of many citizens. In a country as heavily wooded, the present force is, in our judgment, wholly inadequate. The gravity of the situation is not overestimated in above suggestions."

This dispatch was sent upon receipt of reliable advice that an uprising among the Red Lake and Cass Lake as well as the Leech Lake Indians was regarded as imminent.

Only One Official Message.

Washington, Oct. 7.—Up to the close of office hours the interior department had received no advice of a positive and reliable official character about the Indian trouble.

Several dispatches were received, but the only one at all definite was one which reached Secretary Bliss about 2 p. m.

It was very brief and said that Major Wilkinson and five other soldiers and one Indian policeman had been killed and eight privates and one Indian policeman wounded.

It came from Inspector Tinker and promised particulars later. The inspector has been urgently wired to telegraph fuller details.

Major M. C. Wilkinson and Mr. Sheehan, who are among the killed, are well known among the northwestern people in Washington.

Major Wilkinson was a volunteer in the civil war, served throughout that conflict and received, on its close, a commission in the regular army. He had participated in several Indian campaigns since the rebellion. His regiment was stationed at Fort Snelling for 12 years and was despatched to Santiago at the opening of the war, but he was left at the fort on recruiting service. He was over 60 years old.

Met the Diplomats.

Washington, Oct. 7.—Secretary Hay, by invitation, met the diplomatic corps at the state department. By 11 o'clock, more than half a hundred of the diplomatic body had assembled in the diplomatic ante room all in civil dress except the Oriental contingent. None of the ambassadors were present, all being out of the city. The members of the corps took their position in a long line and Secretary Hay, accompanied by Assistant Secretary Adee, made his way down this line, being introduced by the assistant secretary to each of the ministers and charges, who in turn presented the secretary to their secretaries and attaches.

Again the Emperor.

Stuttgart, Wurttemberg, Oct. 7.—At the Socialist convention here, Herr Fischer, a member of the reichstag, referring to Emperor William's anti-strike speech, said: "What little monarchical sentiment survived among the proletariat has now been definitely killed. We must organize an opposition. We shall be cowardly dogs if we leave unanswered the insults heaped upon us. The emperor deems it right to throw down the gauntlet and we have the courage to pick it up."

Board of Missions.

Grand Rapids, Mich., Oct. 7.—The most interesting features in the proceedings by the American board of foreign missions came in the afternoon and evening. At the afternoon session the board for the first time in the 90 years of its history elected a woman, Margaret J. Evans of Minnesota, as a member. The evening feature was an address by James B. Angell, president of the Michigan university and ex-minister of Turkey.

San Francisco, Oct. 7.—A. C. Cleveland of Nevada, who is in this city, announces himself a candidate for United States senator to succeed W. M. Stewart.

Oregon Senatorial Situation.

Salem, Or., Oct. 7.—The senatorial situation presents no new features, and there is no probability of another caucus before Saturday.

DEMOCRATIC TICKET

FOR CONGRESS,
MORDECAI WILLIAMS,
of Boyd County.

NOTICE TO DEMOCRATIC COMMITTEEMEN.

The members of the Democratic Executive Committee of Mason County are requested to meet next Monday, Oct. 10, 1898, at 10 o'clock a. m. at the office of Thos. D. Slattery, Court street, Maysville, Ky. All members are requested to be present, as business of importance will be before said committee.

JNO. W. ALEXANDER, Chairman.
Thos. D. Slattery, Secretary.

If the editor of the Ashland News thinks free silver is so dead, why is he everlastingly harping about it?

MAJOR HUTCHINS, Quartermaster at Cincinnati, must be expecting a good many soldiers to die in the early future, as it is given out that he has contracted with one factory for \$27,000 worth of coffins.

Wonder how those smart naval engineers now feel who were so positive that none of the sunken Spanish war vessels at Santiago could be saved? Lieutenant Hobson has raised one of them, and is now not only confident that he can raise the Cristobal Colon, but also the Reina Mercedes, which was sunk near the entrance to Santiago harbor. The guns so far recovered by Lieut. Hobson from the wrecked Spanish cruisers are valued at \$300,000. The Lieutenant has demonstrated that he's a good man to have around.

The row among Pennsylvania Republicans is bringing to light the corruption in that State. The Postoffice Inspector, who was sent to Pennsylvania to investigate the charges that postoffices have been sold in that State, has made his report, but the document will not be made public by the department. It is believed the charges have been partly, if not fully, verified, and that the report is withheld for political reasons until after the Congressional elections. Coupled with this statement is the charge openly made by a prominent Republican that John W. Amaker offered \$250,000 for the U. S. Senatorship a few years ago. Senator Quay and son are under \$5,000 bond to answer the charge that they used the State's funds for speculative purposes.

With a bumper crop of wheat, 700,000,000 bushels, the wheat farmer of the United States is an eager student of wheat statistics in other parts of the world. His chief competitor is the Russian wheat farmer. This year the Russian wheat farmer will not have any wheat to export. London advices from Russia are that the wheat crop of Northern and Central Russia is a failure; that the crop in Southern Russia is under the average, and that Russia this year will be an importer of wheat. There are good grounds for expecting that the present generation of wheat farmers of the United States never again will see the days of cheap wheat, such as they have seen.—Cincinnati Post.

Notwithstanding the failure of the Russian crop the price of American wheat continues to sag around the 65 cent mark. What's the matter? Will the Post please explain, and also state what it regards as cheap wheat?

At the trial of Senator Quay and son at Philadelphia this week on charge of using the State's funds for speculative purposes, the following letters, found in the desk of the cashier of the bank holding the funds, were read:

"Dear John: Give George Huhn \$25,000 for me. It is for a margin in some stocks. Send me a note for \$25,000 and I will sign and return.

Among the many other letters was the following:

"February 18, 1898.—I mailed you check for \$4,110 balance of loss on Met, at your request. I close my account and send statement and canceled check A with cashier's check for balance. I feared I had bitten into my \$45,000. I never tried to do a generous thing that I did not get into trouble. Yours truly,
"M. S. QUAY."

A telegram dated February 11, 1898, says:
"San Luce, Fla.—John S. Hopkins: If you buy and carry a thousand Met for me, I will shake the plum tree."
M. S. QUAY."

The Senator failed to add "burn these." It seems like a plain case against him, but the warring Republicans will no doubt patch up their troubles and smother the scandal.

REPUBLICAN FAILURE.

The Republicans have now been in power at Frankfort for three years, but during that long period of opportunity for examining the books of their predecessors they have made no attempt to expose any irregularities, such as they claimed in the last campaign, says the Owensboro Messenger. There have been three sessions of the Legislature since

the present State officials assumed office, and in two of them the Republicans had the control of the House of Representatives. The efforts at investigation have failed to show anything crooked or scandalous in the former administration at the State Capitol. The Republicans not only have discovered no irregularities in the records of their predecessors, but have signally failed to show any improvement in their methods of conducting the offices they now hold. They have busied themselves in petty factional party quarrels, and done nothing to indicate that the people acted with wisdom in putting them in those places.

DON'T LIKE IT.

Judge Holt Causes Considerable Comment By Failing To Register as a Republican—The Election Law.

FRANKFORT, Ky., Oct. 5.—The Republican State officials and politicians here are very much dissatisfied with the result of yesterday's registration of voters throughout the State, which from a Republican point of view was exceedingly light. Ever ready to lay their troubles to the new election law, passed at the late legislative session, they are now blaming it for the light Republican registration, claiming that the voters of their party see defeat confronting them under its influences and that on this account they took little interest in having their names registered so that they could vote in November next.

It is believed here that the inactivity of the voters of their party in the matter of registration will make the work of campaigning and getting out the party vote in the various Congressional districts this fall an uphill job, with the chances of success decidedly against them.

Another matter that excited considerable comment among the officials was the fact that Judge W. H. Holt, of this city, who was in the race for the seat in the United States Senate now held by Senator Deboe, and who has lately been mentioned as a probable candidate for Congressional honors in this district, the Republicans of Woodford County instructing for him, had failed yesterday to register himself as a Republican, being on the registration books as non-committal.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for consumption, coughs and colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at J. Jas. Wood's drug store. Regular size 50c. and \$1. Guaranteed or price refunded.

The latter is now making a survey for an extension from Georgetown to West Union, to be followed by a further extension to Portsmouth. President Hunt, of the C. P. and V., declares that if the C., G. and P. shall extend its tracks to West Union, he will look upon it as an intention to immediately go on to Portsmouth, and has given warning that as soon as the first pick is struck for the West Union extension his road will begin work on a branch from Sardinia to Georgetown.

The pension sharks have an eye to business right along, but they overdo the thing sometimes. Considerable amusement was caused this week in Company K, Third Kentucky, at Camp Hamilton, by the arrival of several letters from one of these sharks, addressed to the "nearest kin of Private Shelly, Company K, Third Kentucky, who died at Newport News." Shelly was a very sick man at Newport News, but he did not die, so the boys are trying to imagine how disappointed the pension sharks will be when they hear that Shelly is still alive and kicking in more ways than one.

CORSETS AT 50c.

The word "bargain" is one hard worked in advertisements but it was made to fit exactly such a sale as this. Plenty of Corsets may be found for half a dollar, but look at fifty other sorts and then you'll best know how unmatched is the "Vigilant" for 50c. A usual 50c. corset isn't cheap as a rule, but these are not of the usual sort—they were made to sell for 75c. Well shaped, well braced, of strong jean, double side steel, corded bust.

\$1.00 "J. B." CORSET 80c.

Only one to a customer. We haven't many and we want the lucky chances widely scattered. There is no better Corset made than the "J. B." and the factory has standing orders to keep ahead of other folks' perfection. Most corsets require tight lacing to give wearers the form they desire, but it is not so with this model. It reduces the abdomen and lengthens the waist without any injurious lacing. Physicians commend it as one of the most healthful corsets. We have a competent saleswoman in charge of the stock, one who has given the subject wide and careful study. Her suggestions will be helpful to you and can be relied upon.

A REMARKABLE TRAIN.

The Cook County Democracy of Chicago Leave For Omaha in a Train a Quarter of a Mile long.

October 1 was Chicago Day at the Trans-Mississippi Exposition in Omaha, and all of the railroads ran special trains, carrying delegates of the different Chicago organizations attending.

Among these was a special which left over the Burlington Route, with the Cook County Democracy, and it was the longest train of Pullman cars that ever left Chicago on a regular run. It consisted of seventeen Pullman cars, one special private car, one baggage car and two engines.

The train shed at the Union Passenger Station, which is the longest one in Chicago, measures 1,100 feet, but the train measured exactly 1,377 feet, or more than a quarter of a mile long, and it started off for Omaha at 2:30 p. m., scheduled to run at forty miles an hour. The weight of this caravan on wheels was estimated to be 2,290,000 pounds, or about 1,145 tons, and the two engines to pull the train over the 500 miles to Omaha burned 45 tons of coal and transform into steam 53,000 gallons of water. Mayor Harrison and his official staff occupied the private car.

A Record Breaking Voyage.

Seattle, Wash., Oct. 7.—The steamer Conemaugh arrived from St. Michael, Alaska, making a record breaking voyage. She was a little less than 10 days in coming down. She brought about 40 passengers. Among them were 14 members of the United States geological survey.

The doctor may be a good old man, but even so, medical examinations and the "local-application" treatment are abhorrent to every modest woman. They are embarrassing—often useless. They should not be submitted to until everything else has been tried. In nine cases out of ten, there is no reason for them. In nine cases out of ten, the doctor in general practice isn't competent to treat female diseases. They make a branch of medicine by themselves. They are distinct from other ailments. They can be properly understood and treated only by one who has had years of actual practice and experience in this particular line. This is true of Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. Dr. Pierce's Favorite Prescription, a remedy for all derangement of the reproductive organs of women, has been in actual use for more than thirty years. It cures every form of "female weakness."

Extradition Papers Issued.

Hartford, Conn., Oct. 7.—Governor Cooke issued extradition papers calling for the return to America of Dr. Nancy Guilford, who is now held in London, England, as a principal in the killing of Emma Gill, the victim of the Yellow Pond murder in Bridgeport.

THE BEE HIVE

Bargains in Dress Goods.

A Dress Goods stock to meet your requirements should compose three distinct features. First, a great and varied stock to select from. Second, honest and worthy values for your money. Third, patterns and styles that are new and up-to-date. It will take but a moment's inspection to convince you that our stock contains all the above good points and many others. We've a line of all wool Serges and Tricot Cloths, thirty-six inches wide, at 25c. that you are paying 40c. for elsewhere. There will be nothing shown in this vicinity to equal our NOVELTY GOODS that we've priced down to 29c. and 50c. And those \$1.00 Crepons that we've told about before are the regular \$1.50 kind. Come, inspect and be convinced.

Trimmed Hats.

An appreciative public has given us credit for showing the choicest line of TRIMMED HATS ever seen in Maysville, and much was their surprise that they could be sold so cheaply. Our stock contains only the latest Paris pattern Hats at prices ranging from \$1.95 to \$4.95.

Noteworthy Notion News.

We will let the following prices do all the talking: Best quality Table Oil Cloth 10c. a yard; large paper good Pins, 1c.; box of black Pins, 1c.; Buttermilk Soap, 3c. a cake; Pearl Buttons, two dozen for 5c.; Hooks and eyes, 1c. a card of two dozen; full line of Warren's Feather Bone in all styles, 3c. a yard up. White Cotton Tape, all widths, 1c. a bolt; Safety Pins, 2c. a dozen; Garter Web, 2c. a yard; Ké of Hair Pins, 3c., and a thousand and one other articles at ridiculously low prices.

PROPRIETORS OF THE BEE HIVE,
KINGS OF LOW PRICES.

A LIGHT VOTE.

That's What the Registration This Week Indicates—Recapitulation of the Returns—At Other Places.

A recapitulation of the returns from the registration in Maysville this week shows the following:

Republicans	603
Democrats	542
Noncommittals	134
Independents	47
Prohibitionists	8
Populists	3
Gold Democrat	1
National American	1
Hindmost man	1
Anything-to-beat-Pugh	1
Total	1,341

A year ago the registration showed the following:

Republicans	634
Democrats	548
Noncommittals	288
Independents	20
National Democrats	14
Prohibitionists	7
Populists	4
Silverite	1
Mugwump	1
Greenbacker	1
Total	1,518

Only 958 Republicans registered at Lexington, to 3,249 Democrats. There was a falling off of 696 from last year.

At Richmond the total is 1,012, only 24 less than a year ago. Republicans have a plurality of 76.

Registration in Louisville is light, and the total will hardly come within 14,000 of the 47,021 reached last year. Astoundingly few colored voters registered, and many of them failed to state party affiliation.

At Versailles 216 Democrats and 231 Republicans registered. This is a falling off from last year, when the Democrats had a plurality of seven in the registration.

Registration at Shelbyville was light, there being a perceptible falling off from last year's registration. The total number of voters registered is 498, divided as follows: Republicans, 275; Democrats, 206, and noncommittal, 17.

At Dayton the registration was very light,—339 Republicans, 337 Democrats, 138 Independents and no affiliation 60.

The returns at Covington show the following: Democrats, 4,608; Republicans, 2,109; Independents, 688.

At Winchester the registration was hardly up to the usual standard. The Democrats registered better than the Republicans, and the normal Republican majority of 200 in the city is reduced to about fifty. This will be still further reduced by the special registration. Last year Winchester had a large number of National Democrats, but nearly all of them this year registered simply as Democrats.

THE cabbage worm always gives the farmers more or less trouble. There are many suggestions as to how to get rid of them. A man who has had considerable experience along this line says that there is nothing in the world that is superior to fine ground red pepper. He takes it and puts the ground pepper in a box and sifts it on the plants. He says it is death to the worms. It is cheap, and besides there is no danger in the world in using it.

THE ODDFELLOWS' HALL

CLOTHING STORE!

Why So Many Buy here, and You Should Too---

Because we have gained a reputation for selling only good Clothing and at moderate prices. You see more styles and better values at our house than any other in the State. That may seem strange, but it's true, just the same. People tell us so, and they know.

OUR FALL and WINTER STOCK OF CLOTHING

for men, boys and children is the largest we ever had. It matters not what you want, we can fill the bill.

The same can be said of our FURNISHING GOODS department. In this department you find the good and durable moderate price goods up to the very best made.

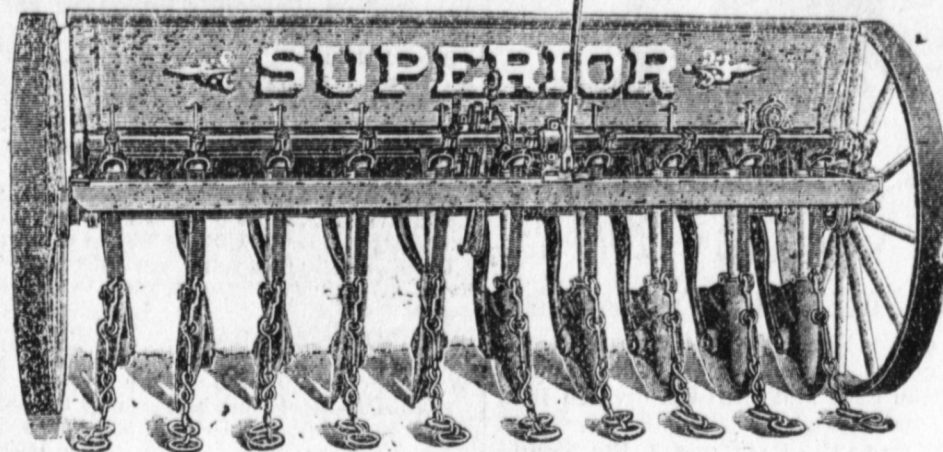

Our Shoe Department...

has quickly grown to be a feature in our business. Like in all our other lines we handle only the very best makes. Every pair of Shoes we sell we guarantee to wear all right. Look in our show window and you will see just what you want in the way of a nice pair of Shoes.

SUPERIOR

SINGLE DISC GRAIN DRILL.
Simplicity of Perfection.

The only absolute positive force feed, which can be instantly changed to any desired quantity—a vast improvement over the old style cog wheel feed abandoned many years ago. Can be thrown in and out of gear, allowing the disc to remain in the ground—another improvement over the old style drills.

THE SUPERIOR SINGLE DISC DRILL will do more and better work with less labor than any other drill made. It will sow and cover grain in all kinds and conditions of soil, in hard ground and soft ground, in weeds, corn stalks, crab grass or any kind of vines, without clogging. We have been selling this drill for four years. Ask the users as to their superiority and they will invariably tell you to buy no other and that they are the best drills on earth. The SUPERIOR was the first successful Disc Drill. There are imitations; Beware of them. We solicit your inspection of the Superior before placing your order for a drill.

TO CUBA

Men of the Fourth Kentucky Expect to Go at Once—A Significant Order.

CAMP SHIPP, ANNISTON, ALA., Oct. 5.—Lieutenant Colonel Murray, who is in command of the Fourth Kentucky during the absence of Colonel Colson, received an order to-night from General Frank, commanding the Third Army Corps, to make an immediate report of all equipment in the hospital of the Fourth, so that everything necessary for full equipments can be ordered by telegraph.

As the regiment has practically all the equipments necessary for camp life in this country, it is thought that the order means that the Fourth will be equipped at once for service in Cuba. This belief is further strengthened by the fact that the First and Second Regulars will not be sent to Cuba, and therefore other regiments here will take their place.

Two Great Shots.

Bright, keen-eyed, pleasant Annie Oakley is probably, next to Buffalo Bill, the most popular person in the "Wild West" exhibition. Her wonderful performance with shotgun and pistol have given her a world-wide reputation. She stands unrivaled the best woman shot in the world, and has many times beaten the record against all comers. With characteristic modesty, however, she never calls herself champion.

Another dead-sure shot is Johnny Baker, also a great favorite and winner of many trophies at many tournaments. His original gymnastic shooting is both wonderful and exceedingly difficult.

THE EXCELLENCE OF SYRUP OF FIGS

is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP CO. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP CO. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP CO. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

LOSS IS ENORMOUS.

Incassant Rains Cause Destructive Floods In New York State.

Troy, Oct. 7.—One of the worst floods that has ever visited this region struck the Hoosick valley and damage to the amount of tens of thousands of dollars was done. Tuesday afternoon rain began. It fell steadily 18 hours in Washington and northern Rennselaer counties and in western Vermont.

At Hoosick Falls an immense flood poured through the center of the village, washing buildings, undermining foundations, caving in streets and sidewalks, and doing from \$50,000 to \$100,000 damage. The damage to the streets of Hoosick Falls alone is estimated at \$10,000. The torrent rushed along to North Hoosick, carrying away the electric railway tracks and leaving a gorge 20 to 30 feet deep. The tracks of the Fitchburg railroad were washed away in many places.

Between Greenwich and Johnsville, on the Delaware and Hudson railroad, 150 feet of the roadbed was washed out. Traffic will be suspended 10 days.

Mr. Hay's Successor.

Washington, Oct. 7.—The president will not announce the selection of a successor to Mr. Hay as ambassador to London before his return from his western trip. Mr. White, the first secretary of the American legation at London, is giving great satisfaction in the discharge of his duties as charge, so the president is taking his own time in making a selection for this important post.

Democratic Sweep In Georgia.

Atlanta, Oct. 7.—Hon. Allen D. Candler's majority for governor over J. R. Hogan (Pop.) is 55,000. This figure is about 20,000 above the Democratic majority for governor two years ago. Several counties which returned Populist majorities at that time show a complete reversal in favor of the Democrats. The return of a solid Democratic delegation to congress is assured.
